Hi Jeff

Yes, that was Richard Thomas. Rick work in my section (Northwest Regional Office, Toxics Cleanup Program) in the Aquatics Unit. Rick's duties are to support our effort within the Lower Duwamish Waterway Project. However, he has good experience around emergency response so I brought him for support.

All

Nancy reserved a car for us and I think we could meet in the lobby around 9:40 a.m. this morning.

See you then.

Regards

Bob

Jeff, thanks so much for getting on this right away. We are sending Mark Stockdale from our prosecutors office and Lucy Auster who works on brown fields. Other will likely be involved as we proceed. I have copied them both here for coordination.

We look forward to working with you all

Christie

Hi Jeff,

Attendance for Ecology tomorrow will include Katy Gibbs (425-649-7038) and Bob Warren (425-649-7054). Katy represents our Hazardous Waste Compliance team and Bob manages our Toxic Cleanup team in the Region. Both Katy and Bob are copied here. Let us know if you have instructions for them for tomorrow.

Our Spill Response team is unavailable tomorrow, but Dave Byers (360-407-6974) will be in touch to find out how his team can best support the work.

Feel free to call me anytime on if there is anything I can help with. My cell is (b) (6)

Thank you,

Hello, Tom and Christie.

Scott let me know today that Mr. Pillon is giving us access to his property this Thursday, July 26. For EPA's purposes, I am meeting with my technical and construction contractors to discuss the potential scope of work and to allow them the opportunity to contemplate the logistical and other technical concerns.

If you have agency representatives that would like to attend, please let me know. I am flexible with schedule, but was thinking mid to late morning as a meeting time, say 10:00 or so. Please let me know.

Hi Wally,

Thanks for your time and help with this project. We look forward to working with each of you. For now, I will be point of contact for Ecology and Scott Marlow will be our legal contact. Eventually, we will add technical points of contact and an attorney to work through the cleanup process.

Thank you,
Tom

Hi Christie and Tom,

Thanks very much for our discussion today. I believe the introductions and stated commitment to collaborate on this project will be a big help as we try to tackle the public health and environmental issues at the Pillon property. As agreed, I'm sending you Jeff Fowlow's email address so that you can have your project leads identify themselves to Jeff. Jeff can coordinate with them as he begins assessing the situation and potential actions afforded us under our legal authorities. I would also encourage you to identify any legal contacts as legal issues will certainly arise and be critical to our success.

After our staff have a chance to discuss and scope out a potential path forward, I see us reconvening to discuss our overall objectives and needs.

Looking very forward to working with you all.

Wally
